Of Henderson's 215 new registrants, 156 were put in class one.

A Negro boy named John Henry Henderson, aged 16, was killed by a train at Morton's Gap.

Hun prisoners taken admit their commanders are whipped and they were eminently correct.

Wm. L. Edison, Thomas A. Edison's son, has enlisted in the tank service.

Wm. Moore and Vivian Mimms were both in the colored call yesterday. When their names were called one was in his coffin and the other in jail.

## FOLLOWING THE FLAG

Marshal Gaines, who has been visiting Mr. Preston-Haynes, of Howell, for the past two months, was called before his local draft board in Washington for Thursday. He left Hopkinsville Tuesday morning for Washington.

Among the 337 new men sent to Camp Taylor training school for officers, appears the name of Stanley Renshaw, a Christian county boy, from the 113th Supply Train.

## EXPLANATION OF WHY CHRISTIAN COUNTY IS REQUIRED TO REGISTER

1. Registration was ordered at this time by reason of the failure of Christian county to subscribe her quota of June 28th.

2. In order that every person above 16, white or colored, must register, but in case of illness, infancy, or decrepitude with age, some member

3. Every person of 16 years of age shall show his loyalty in support of the government, to WIN THE WAR of family may register may register for you.

4. In case of absence from the county, if word is given to the clerk, notation will be made and you will be permitted to register on your return to the county.

8. The practice of economy and investment of the savings in War Savings Stamps is the greatest conception of Democracy that the Government has ever exercised in preparedness in order that the public may be able to finance itself in the time of depression that is sure to follow within a few years after the close of the war.

The more, every person, without exemption, should invest in War Savings Stamps to the extent of his ability, and the people of Christian county should on Saturday, July 20th, sign pledge cards to the amount of \$836,000.00, assuring ample finance for Christian county in the time of depression.

R. E. COOPER, Chairman.

## THE GERMANS ARE RISKING THEIR ALL ON THIS DRIVE

(By Associated Press.)  
Paris, July 16.—German offensive has taken on a great scale equal to that launched March 21st, says a dispatch filed from the Marne front today at noon by the correspondent of the Temps. Fighting continued this morning in a violent storm of thunder and lightning, the weather clearing at noon. An impression of confidence throughout the Allied Armies is indicated by the latest dispatches from various parts of the front.

With the French Army in France, July 16.—Marville-La-Port on the Marne was the scene this morning of terrific fighting in which the French and American troops resisted most valiantly against heavy odds.

## BIG CROWD AT LAFAYETTE

One of the largest meetings yet held in the War Savings Stamps picture campaign was at Lafayette last night. It drew one of the largest crowds ever in Lafayette and the meeting was held out of doors. Speeches were made by J. E. Cridder, R. E. Cooper and J. B. Allensworth.

## OVER HUNDRED THOUSAND SHY

### SINKING FUND OF CHRISTIAN COUNTY SENT INTO OTHER CHANNELS, SAYS ACCOUNTANT.

The Fiscal Court held a session all day yesterday and transacted only two or three important items of business. The most important matter coming to the attention of the court was a verbal report of the expert accountant auditing the books of the county's fiscal affairs, going back 12 years.

The report is not quite complete and for this reason was not filed. However, the report was read to the court and disclosed that about \$107,000 has been transferred from the sinking fund to the general fund and appropriated for other purposes.

The sinking fund is an accumulative fund made possible by setting aside a small portion of the tax each year so that it will accumulate an amount sufficient to pay off any bonds the county may have outstanding. Christian county has now about \$700,000 of outstanding bonds which will become due and payable at a certain time.

The only matter of importance acted upon by the court was to appropriate \$5,000 towards the building of the Gracy road. The county commission will add \$8,000 for this work and the citizens of Gracy and vicinity and along the road will add the remainder necessary to complete the road.

Miss Lena Rucker slipped on a soapy board and fell into a well 50 feet deep in Paducah. The water was 10 feet deep and she drowned before help could reach her. The first man to reach the scene and lower a rope felt her feebly grasp the rope but she soon let go and sank. Her body was recovered by city firemen.

### COLORED SELECTIVES TO THE NUMBER OF 204 WILL GO TO CAMP TAYLOR TO MORROW.

All the evening was taken up yesterday afternoon in selecting 200 colored men under the July call. Out of the 250 summoned 154 volunteered to go and three of the new registrants who volunteered were added. The board spent several hours selecting the other 47, most of them farmers and many of them married. Every effort was made to avoid working hardships.

## NOWHERE HAVE THE HUNS FOUND IT POSSIBLE TO BREAK

(By Associated Press.)

The German offensive east and west of Rheims has had the brakes applied vigorously by a strong resistance of the Americans, French and Italians.

The enemy nowhere found it possible, as in the past, to press forward and test their way to chosen objectives.

It is true the Germans made some gains, but they infinitesimal compared with those made in previous attacks. Instead of counting the advance in miles it may be reckoned almost in yards. From some of the positions vicious counter-thrusts by the Americans fighting alone or the French and the Americans fighting together have ejected the enemy.

A tacit admission that the enemy has been retarded, if not halted,

is contained in Berlin reports, saying the allies delivered "violent counter attacks, but the situation is unchanged." The Germans only claimed some local successes.

The French American successes give them back points of strategic value which, if held, may prove useful for a starting point in a counter-offensive against the Germans still south of the Marne.

East of Rheims fighting is still going on fiercely almost to Argonne but apparently the enemy here, too, has been meeting ill success.

A German official communication claims thirteen hundred prisoners. Although the Allies seemingly have the situation in hand, German reserves known to be nearby are expected to be thrown into the fray which will then gain a new intensity.

On other battle fronts only minor operation are in progress.

## GOVERNMENT. FRENCH AND AMERICANS TO TAKE OVER STEEL SUPPLY HAND IN HAND

(By Associated Press.)

Washington, July 16.—The Government demand for steel has reached such proportions it was learned today, that because of its growth of war progress all present sources of supply will soon prove inadequate.

Action was taken at today's board meeting to prevent steel from finding its way to industries not holding war contracts. War contractors are warned not to sell steel to other manufacturers. All private consumers of steel may be required to submit sworn statements of stocks on hand.

### UNDERWENT OPERATION.

Miss Ruth McGee, daughter of Mr. and Mrs. W. J. McGee, underwent an operation for appendicitis at the Jennie Stuart Hospital yesterday. Her condition is satisfactory.

With the American Army on the Marne, July 16.—The French and American forces, fighting together, have recaptured the village of Stagnan, Hill No. 223 to the Northwest, and LaChappelle-Montboudun.

### MUST WEAR OLD CLOTHES.

"No new dresses" was the slogan raised at the meeting Monday of the National Woman's Liberty Loan Committee. Thrift must become fashionable, said leaders at the session in Chicago. The women are pledged to sell one-half of the fourth Liberty Loan of \$6,000,000,000.

### W. P. KIMBALL URGES SUPPORT OF SENATOR JAMES IN UNUSUAL CARD.

Lexington, Ky., July 16.—Probably the most unusual statement ever issued by a Kentucky candidate for a major office is the following made here by W. P. Kimball:

Lexington, Ky., July 15.—To the Democratic Voters of Kentucky: Several weeks ago I filed with the Hon. James P. Lewis, Secretary of State, my nomination papers as a candidate for United States Senator.

Possessing the necessary qualifications required by law for eligibility to that office, I thought I was clearly within by constitutional rights. I did not consult any of the gentlemen who pose as leaders of the Kentucky Democracy about the propriety of taking such action, and as a result some of their henchmen seem to think that in not doing so I have committed a serious crime, that it is proper for a man when he wants to run for office to take out a license and buy a tag from them, like one desiring to run a motor vehicle. The truth of it is I am under no political obligation to any of those most excellent leaders.

My only purpose in filing my nomination papers was to see, if I could, that not only the letter but the spirit of the Seventeenth amendment to the Federal Constitution, requiring Senators to be chosen by popular vote, was carried out. I want to see the Democratic nominee for Senator receive his commission direct from the people, and not by automatic operation of law, or at the hands of a committee, facetiously referred to as the "governing authority" of the party.

At no time have I been inimical or unfriendly to the political aspirations of Senator Ollie M. James. I am his personal and political friend and trust that he may be re-elected to the Senate and serve his party and his country for many years yet to come. His staunch support of the President at all times and his unequivocal advocacy of winning the war at any cost ought to secure him a triumphant re-election without reference to his attitude on other public questions. I expect to vote for him with much pleasure, and I urge every Democrat in Kentucky to take the trouble to go to the polls and vote for him on the third day of August next. I earnestly urge all of my friends to vote for him instead of voting for me. If I can be of service at any time or place in getting out the vote for Senator James I am anxious to do so.

Meanwhile, I shall not have my name withdrawn from the ballot for the reason I have heretofore stated.

In taking this step I feel that I am performing a public service, and the approval of my own conscience is all I am concerned about. Very respectfully, W. P. KIMBALL.

### SUGAR CERTIFICATES.

Certificates for purchasing sugar for canning purposes can be gotten from the office of the Keach Furniture Co. on Ninth St. If you wish to secure a certificate call in person there and a certificate will be issued you for the amount really needed, the maximum amount allowed being 25 pounds. The applicant must sign a statement certifying that the sugar purchased on this certificate will be used for canning and preserving purposes exclusively, and that under no circumstances will any of the sugar so obtained be sold or loaned. Those who apply must need the sugar for immediate use.

G. C. COFFMAN, Food Administrator.

(By Associated Press.)

Battle of Rheims, July 16.—On the Marne front the enemy has delivered violent counter attacks," says German official communication issued this evening.

There were some local successes to the South of Rheims. To the east of Rheims the situation is unchanged. Berlin via London, July 16.—Germans claim the capture of 13,000 prisoners, in an official communication from headquarters issued today. Army General Von Boehm it is added, cross the Marne between Jaulgonne and East Dormans.

## YALE GETS \$20,000,000

(By Associated Press.)

New York, July 16.—Yale University was bequeathed nearly \$20,000,000 by the will of Julia W. Sterling, a New York corporation lawyer, who graduated from the institution in 1864. He died a bachelor July 5th.

## ORDER RECEIVED FOR MORE MEN

Yesterday morning the Local Examination Board for Christian county received an order from Major "Holes" calling for 22 more colored men to be sent to Camp Taylor in the 29th division this month. This order was read by the Chairman Clark to the colored people yesterday afternoon at the Tabernacle and on the strength of the call several volunteered to go in the draft of 200 which will leave tomorrow.

### EARLY REPORT.

Early Monday morning the Germans made some progress near Rheims and it was expected they would reach Stagnan, LaChappelle and Montboudun, approximately one and three-fourths miles from the mouth of the river, but on the outskirts of these towns they have been held up.

Just to the northeast the Germans managed to traverse Bouquigny wood but has been stopped on the southern side.

West of Dormans which is 24 miles east of Chateau Thierry, the Americans are holding the battle line. It is generally stated that in this area they have retaken the villages of Fossey and Crezancy, south of the Marne, where the Germans gained ground in their first rush across the river.

From the French official report it is evident that between Dormans and Rheims the Germans are driving toward the Marne at Chateau and along the line to the north.

The Allies are holding in Russia on three sides, and the opposition increasing. To the north the British have sent reinforcements. On the Murmansk coast the entente forces are making progress southward with no opposition from the Finns, who are showing themselves decidedly anti-German. The Czech-Slovaks are nearing Moscow.

Only at one point, a mile and a half from Chatille, however, did they advance last night. Even there they have been checked by French fire. From that point the Rheims situation is unchanged.

The deepest penetration along this line approximately is three-fourths of a mile advance at any point since the offensive began.

East of Rheims the French line is intact.

## CAPTURED BY AMERICANS AT SEICHEPREY

These doughboys are wearing German hats and are displaying other souvenirs captured by the Americans when they routed the Germans at the battle of Seicheprey. Among the other trophies in the picture may be seen a gas mask, wire cutter and canteen.

Long range guns begun bombard-  
ing Paris again Monday, with the  
opening of the big battle.

The American force under Gen.

battle of the Marne, numbers 220,  
000 men. They have the brunt of the  
first attack.

Germany has 60 weather experts  
at the front, who predicted that the  
rainy weather would end last night  
and that good field operations could  
be counted on. They didn't figure on  
a hail of bullets.

The Germans apparently delibera-  
tely attempted to shell several of the  
American hospitals near the Marne  
front. A number of shells fell in-  
termittently a short distance from  
them. They did no damage, beyond  
disturbing the patients.

Russia now has "Red Guards" in  
Ukraine, "White Guards" in Finland  
and "Black Guards" in Siberia. In  
spite of the unsavory name, the  
"Black Guards" are the real patriots  
of Russia whose business is to put  
the Bolshevik "Yellow Guards" out  
of business.

The correspondent talked with  
some American soldiers now in hos-  
pitals who were in the thick of the  
fighting Monday morning. They were  
in complete agreement that the Ger-  
man infantry was no match for the  
Americans. This is evidenced by  
the reports from all the American  
hospitals, there being only a few cases  
of wounds from rifle and machine  
gun fire while most of the men are  
suffering from shrapnel wounds. Some  
of these cases are serious.

# THE GAME OF "KAMERAD"

An article written for the official publication of the United States marines now winning glory in France, says:

"There are some things about the boche mode of warfare which the marines haven't as yet learned and probably never will. On more than one occasion the 'squares' called have attempted to teach and to play what is popularly known as the game of 'Kamerad,' but with poor success somehow the marines don't take it as they should. For the benefit of the uninitiated it might be explained that the game originated with the boche. It was the 'made in Germany' mark stamped all over it. It can be played by any number of persons and consists in say eight or ten boche coming across No Man's Land on a run with hands upraised and shouting 'Kamerad.' That's where this form of amusement derives its name."

"When they shout 'Kamerad' it means that they are playing the game and you mustn't shoot at them, but allow them to come quite close. If you shoot at them it spoils the whole game, and besides it's strictly against the rules, boche rules, of course. Anyway, you're not to do any shooting. They will then come up and each boche picks out someone that he likes the best. To show that you're his Kamerad and vice versa, each places his arms about your neck, almost as if he were going to kiss you. At the same time he draws a knife, of the long French variety, and sticks you in the back. Then the first part of the game is over. Sometimes they don't come so close, and instead of using the knife they use a grenade, with practically the same results. This process can be repeated until either one side or the other tires of playing. It's a game of black treachery which betrays the Germans' evil ingenuity."

"The boche picked out a particularly dark night to play this game with some marines who were doing patrol duty, but for some reason or other the latter didn't feel like playing, hadn't thoroughly learned the rules of the game, or else from what they had heard just simply didn't like the game or the way it was played. Anyway when four boche began running across No Man's Land the other night, and shouted 'Kamerad,' one of the marine yelled, 'Sure, I'm the guy,' and let go. It was dark, and he couldn't quite see whether he'd made a good hit. There was a few other shouts of 'Kamerad' and he fired some more. Next morning they found two boche just beyond the wire and also some equipment evidently belonging to the ones that had managed to get back into their lines and had discarded haversacks, gas masks and belts, and lost their caps in their hurry. The blood-stained belt and a gas mask with a hole in it testified that the marine had made a hit."—New York Times.

## THROAT CUT DEATH ENSUES

VIVIAN MIMMS KILLED WILLIAM MOORE IN FIGHT OVER A WOMAN YESTERDAY.

William Moore was killed by Vivian Mimms yesterday morning shortly before one o'clock at the home of Mr. E. S. Melton on South Main street. They were both negroes and fought over Mary Lou Hem, a colored woman employed in Mr. Melton's family.

Moore had been with the woman at Friendship Hall Monday night and went with her home on the Melton premises. Shortly afterwards Mimms appeared on the scene and the tragedy occurred.

The details are meagre as to the actual facts.

Moore came running across yards from Mr. Melton's back yard, and while continuing his flight down the street to a point in front of the residence of Mr. T. C. Underwood fell upon the sidewalk and expired. He had been to death from a wound in his throat that severed the jugular vein.

Mimms also fled from the scene in an opposite direction and yesterday about noon was found at his home by Lieut. Hawkins and other officers and put under arrest.

In his trunk was found a large pocket knife with a hooked blade and there was blood on the blade. Mimms admitted that he killed Moore, but said Moore threatened to shoot him and then attacked him with a knife and that he took the knife away from him and cut him with his own knife.

The blood on his knife found in the trunk he said came from his own finger that he had cut.

In addition to the cut in Moore's throat, which extended from the left collar bone around to his windpipe, the victim had a deep cut on his left leg above the knee.

The woman made a statement yesterday in which she said Mimms was lurking in the garden when Moore returned with her and that when he attacked Moore she ran away. Resident hastily summoned Dr. J. E. Stone and Mayor Frank Bassett when Moore was found, but he was in a dying condition.

Mimms is a hotel waiter at Hotel Latham. Moore was a barber in a colored shop.

## SHIP COLUMBIA FLOATS RIVER

STEAMER SUNK AT PEORIA, ILL.  
FLOATS DOWN TO  
PEKIN

Peoria, Ill., July 16.—Like some ghost craft comes to strike fear with its heavy ordnance, the steamer Columbia, which crumpled up in the Illinois river last Saturday with more than 200 persons aboard, floated out of its grave Thursday afternoon and floated almost to the water front of Pekin, eighty-five of whose citizens lost their lives in the wreck.

When finally the wreck stopped and was boarded by rescue workers two more bodies were recovered. This makes a total of eighty-five lives lost. It is not believed there are any more

bodies and work is to be discontinued.

### Searching Party on Board.

Coroner Clary and Sheriff Wilson of Tazewell county, together with fifteen or more workers, were aboard the Columbia when it suddenly popped to the surface. A number of small launches were moored about the sides of the submerged steamer. These were lifted out of the water and carried down stream.

There was a hasty scramble to quit the vessel and all reached small boats in safety.

An examination of the steamer is to be made at once to determine the cause of the sudden rising. There is a suggestion that the snag which caused the wreck clung fast to the bottom until released by the action of the current, permitting the steamer to rise.

Second Lieut. A. W. Hill, of Malden, Mass., under training at Toronto, Can., as an instructor in the air force, was killed at Armour Heights while flying alone.
